Mzoori is a technology company that facilitates trade

Wanted: Code Crunching Software Ninja

Are you passionate about helping those around you be more effective? Do you think about technology as a way to increase efficiency and change how business operates? Mzoori is seeking a talented Software Developer to join its IT team and to help build systems that enable our employees to change the world. This is for a full-time position based at our office in Nairobi, Kenya.

Responsibilities

- Build robust and impactful tools and systems that enable higher productivity and trade

- Design and implement web interfaces using HTML, CSS, and Javascript

- Design and develop database driven web tools/apps utilizing a variety of technologies (i.e. Ruby/ROR, APEX/Force.com, LAMP)

- Build integration points with other systems and tools utilizing web services and APIs

- Identify and attack high-leverage opportunities, problems, and process improvements

- Work with a variety of cross functional teams to build awesome web applications

Requirements

- Bachelor's degree in Computer Science or related field or equivalent experience

- Expertise in Ruby/ROR, PHP, Java, or other programming languages

- Working knowledge of Javascript frameworks such as jquery, prototype, yui

- A drive to proactively identify and deploy scalable enterprise tools empowering your coworkers

- Proven problem solving skills with a knack for thinking out of the box and innovation

- Strong knowledge of MySQL or SQL

Mzoori is a technology company that facilitates trade

- Experience with CodeIgniter framework, HTML5, and mobile web development highly preferred

- Strong leadership and organization skills as they pertain to a project-based technical role

- Accomplished experience with web services (i.e. SOAP/REST) and general integration techniques

- Ability to work proficiently with minimal daily guidance and bring mature seasoned skills when working with production systems

- Able to thrive in fast paced and high-pressure environment

- Excellent written and oral communications skills

- Demonstrated experience presenting technology recommendations from a business perspective.

How To Apply

- Please email your Cover Letter, CV, Portfolio, and any other attachments to jobs@mzoori.com with the subject "Software Developer Job Application".

Benefits

Successful candidates will receive a competitive remuneration package. Mzoori will offer you great benefits and perks to make sure that your life is satisfying as you work.

Equal Opportunity Employer

Mzoori is an equal opportunity employer; applicants are considered for all roles without regard to ethnicity, race, color, religious creed, sex, national origin, age, physical or mental disability, or any other status protected under the Laws of the Republic of Kenya.
